To Whom It May Concern:

Re: Certificate of Compliance

Please be advised that **Belden Part Number 9841** does not contain any of the following restricted substances as an intentional additive, or because removal of the restricted substances is not technically possible and their existence in the products at levels in excess of these concentrations is allowed as one of the particular applications listed in the Annex of the Directive, and is therefore compliant with European Directive 2002/95/EC (RoHS). This is true for all product manufactured after **01/01/2004**.

Substance	Maximum Concentration(1)
Lead	0.1%
Mercury	0.1%
Hexavalent Chromium	0.1%
PBB, PBDE (2)	0.1%
Cadmium	0.01%

(1) Per homogeneous material, as trace or contaminate amount.

(2) Some Belden products manufactured prior to July 1, 2008, may have contained Decabromodiphenyl Oxide/Ether (PBDE) as a flame retardant.

In addition, this product may be compliant with other environmental initiatives. Please see the Belden Technical Data sheet for details.

This determination is based upon information obtained from sources which Belden Americas Division believes are reliable, and from random sample testing; however, the information is provided without any representation of warranty, expressed or implied, regarding accuracy or correctness. Belden does not specifically run any analysis on our raw materials or end product to measure for these substances.

The information provided in this Product Disclosure, and the identification of materials listed as reportable or restricted within the Product Disclosure, is correct to the best of Belden's knowledge, information and belief at the date of its publication. The information provided in the Product Disclosure is designed only as a general guide for the safe handling, storage, and any other operation of the product itself or the one that it becomes a part of. This Product Disclosure is not to be considered a warranty or quality specification. Regulatory information is for guidance purposes only. Product users are responsible for determining the applicability of legislation and regulations based on their individual usage of the product.
